Team player with a volunteering and running passion

Experience

Youwelry.se / Webmaster e-commerce - part-time

August 2019 - current, STOCKHOLM

Setting up a store and running it in Magento, with all that it entails, analytics, customer service, content creation and advertisement. The store sells silver jewelry and I run it with a colleague, who does the sourcing of the jewelry and I manage the technical side.

Läkare Utan Gränser / Webmaster/Project manager web - Interim

August 2018 - August 2019, STOCKHOLM

Responsible for maintaining and developing the web platform. A majority of my work day is spent cooperating with our web agency, translating needs from the organisation into user stories that can be prioritized and developed. For long term needs and innovation I cooperate with a digital coordinator and strategist, in order to improve the website and not just maintain it. Looking at trends, technical tools and solutions that could aid and help us develop our digital presence.

Nordea / Scrum master/Agile coach - Interim

May 2017 - January 2018, STOCKHOLM

Facilitator for recurring agile events, like plannings and retrospectives for two different teams with members in 5 different countries. I had free reins and got coaching from a senior scrum master and got to try out different methods and workshops together with both the teams and the product owners I cooperated with.

Education

Mobile Creative at Hyper Island

STOCKHOLM

A practical university bachelor's degree with focus on all aspects of mobile development. Both the tech side with web-development and native apps, the design (UI/UX) as well as service design.

Master of science in Media Technology KTH (4 years out of 5 finished)

STOCKHOLM

A science and human based education on technology related to the media industry, from the printing press to human computer interaction.

Volunteer work

Running coach and facilitator at Löparakademin and team leader at Nattskiftet, two Stockholm based organizations.
